

SPOLETO FESTIVAL USA

invites you to an

AZURE CHAMBER MUSIC CONCERT

Sunday, June 10, 2018

9:30am

Dock Street Theatre

Join Spoleto Festival USA for a performance designed specifically for families and individuals with Autism Spectrum Disorder or similar challenges.

Recognizing that many families with a member with ASD cannot come to typical concert events due to autistic behaviors, the Festival presents tailored “Azure” performances that are designed to be autism-friendly. All behaviors are welcome, or in other words, these fun-filled family performances are “shoosh” proof! Featuring Geoff Nuttall and the St. Lawrence String Quartet with special Chamber Music Guest Artists.

TICKETS:

Events are free ONLY for families or caregivers of a developmentally disabled person(s); however, you must register by email in order to reserve seats, as they are limited.

To reserve your seats, please email: *Whitley Lewis* at wlewis@spoletousa.org
